

CHARLTON ATHLETIC

www.cafc.co.uk

To whom it may concern

Stadia Connect have made an excellent job of installing our fully integrated Stadium Wi-Fi solution. We have been working together for more than 2 years.

It has given our fans, young and old, a huge enhancement of their game day experience.

Currently we are deploying with their team the fully integrated Club app for our club.

We would recommend them unreservedly to other stadium owners looking to the future of sport technology. Stadia Connect is leading edge in data, analytics and dashboard reporting.

If you wish more information from, do not hesitate to contact me.

Yours sincerely,

Katrien Meire

Director- CEO of Charlton Athletic FC
